J. B. Mills, marine engineer, 212 S. Lee St., says: "I have taken Doan's Kidney Pills off and on many years for backache and other kidney trouble. I have always had fine results. A few of Doan's regulate my kidneys and strengthen my back if it feels at all weak and lame. I got Doan's at the Warfield Drug Store."

Mr. Mills gave the above endorsement on April 13, 1915 and on March 18, 1919, he added: "Doan's Kidney Pills are certainly fine. If my kidneys get out of order it only takes a few Doan's to fix me up."

## YOUTH BEARS NAME OF POPULAR MOTOR CAR

Dodge Brothers, Inc., is an institution but Dodge Brothers is an individual.

Which, though it sounds somewhat involved and perhaps even enigmatis, is but a very simple and very truthful statement.

Fifteen months ago a son was born to Mr. and Mrs. Geo. E. Brothers, Cleveland, O. Mr. Brothers, it happens, is a salesman for the Barnes Motor Co., Cleveland dealer for Dodge Brothers. He had been selling the Dodge Brothers car a long time and was exceedingly proud of his son. So he decided on a simultaneous tribute to the two. The youngster was christened "Dodge."

Master Dodge Brothers is a very bright young gentleman and gives promise of achieving a renown quite in proportion with the weight of his name.

## THE UNIVERSAL CAR ANNOUNCEMENT

Mr. Edsel B. Ford, President of the Ford Motor Company, makes the following announcement: "We are making another reduction in the prices of Ford cars and the Ford truck, effective today. The new prices average \$70.00 under former prices, and are the lowest at which Ford cars and trucks have ever been sold. List prices, F. O. B. Detroit, are now as follows:

	New Prices	Old Prices	Amount of Reduction
CHASSIS	\$295	\$345	\$ 50
RUNABOUT	325	370	45
TOURING CAR	355	415	60
TRUCK	445	495	50
COUPE	595	695	100
SEDAN	660	760	100

"This is the third price cut during the past twelve months. On September 22, 1920, the price of the Ford touring car was reduced from \$575 to \$440; June 7th to \$415, and now to \$355, making total reduction in this type of \$220, or 38 per cent. The same proportionate reductions have been made in all other types. One year ago the price of the Ford sedan was \$975; today it costs at \$660 with the same equipment.

"We are taking advantage of every known economy in the manufacture of our products in order that we may give them to the public at the lowest possible price, and by doing that, we feel that we are doing the one big thing that will help this country into more prosperous times. People are interested in prices, and are buying when prices are right.

"The production of Ford cars and trucks for August again broke all previous high records with the total reaching 117,696. This is the fourth consecutive month in which our output has gone over the hundred thousand mark, the total for the four months being 463,074, which has gone a long way in making possible the present reductions. June this year, with an output of 117,247 was the previous record month.

"One noteworthy feature of our sales is the increased demand for Ford trucks and cars for salesmen. This class of commercial business has been gradually increasing the past sixty days and we interpret it as a very good sign of improvement in general business.

"No reduction has been made in the price of the Fordson tractor, and none is contemplated."

Go over these new prices! See how little it costs to become the owner of a Ford car or a Ford truck. Can you really afford to do without one any longer?

Let us tell you more about it, and advise you regarding the delivery of the particular type car in which you are interested.
